

Message to the Congress on Continuation of the National Emergency With Respect to Burma

May 18, 2006

To the Congress of the United States:

Section 202(d) of the National Emergencies Act (50 U.S.C. 1622(d)) provides for the automatic termination of a national emergency unless, prior to the anniversary date of its declaration, the President publishes in the *Federal Register* and transmits to the Congress a notice stating that the emergency is to continue in effect beyond the anniversary date. I have sent the enclosed notice to the *Federal Register* for publication, which states that the Burma emergency is to continue beyond May 20, 2006, for publication. The most recent notice continuing this emergency was published in the *Federal Register* on May 18, 2005 (70 FR 28771).

The crisis between the United States and Burma arising from the actions and policies of the Government of Burma, including its

policies of committing large-scale repression of the democratic opposition in Burma, that led to the declaration of a national emergency on May 20, 1997, has not been resolved. These actions and policies are hostile to U.S. interests and pose a continuing unusual and extraordinary threat to the national security and foreign policy of the United States. For this reason, I have determined that it is necessary to continue the national emergency with respect to Burma and maintain in force the sanctions against Burma to respond to this threat.

NOTE: The notice is listed in Appendix D at the end of this volume.

Letter to the Speaker of the House of Representatives Requesting Additional Funds for Border Security

May 18, 2006

Dear Mr. Speaker:

On May 15th, I outlined to the Nation a comprehensive immigration reform initiative with five objectives. As part of my first objective to secure our Nation's borders, I ask the Congress to consider the enclosed requests for an additional \$1.9 billion for the Departments of Defense, Justice, and Homeland Security, which is in addition to supplemental funding requested on February 16th for the Global War on Terror and the consequences of Hurricane Katrina. This additional amount is offset by a \$1.9 billion reduction in the amount requested on February 16th for the Department of Defense.

The revised request for the Department of Homeland Security will support my Administration's commitment to gain full control of the borders through the deployment of additional Border Patrol agents, infrastructure, and technology (such as hundreds of miles of new roads, vehicle barriers, tactical communications, and aerial surveillance).

The request for additional resources, coupled with additional legal authority from the Congress, will end the practice of catch and release along our southern border once and for all by increasing detention, transportation, and removal capabilities.
